

WaterFix® Small Business Pilot is here!

Save water through our WaterFix® Small Business Pilot Offer.

Sydney Water is trialing a small business water efficiency service and offering subsidies of up to \$1,000 (Inc GST).

Subsidies go towards a water efficiency assessment and water efficient fixtures and devices.

How you can save with WaterFix® Small Business

Businesses account for 25% of water use in Sydney and we can all do our bit to save our precious water.

Small businesses can save thousands of litres of water each year by fixing leaks and installing water-efficient devices.

Sydney Water have been helping customers for more than 20 years save over 300 million litres of water and reduce water bills through our WaterFix® programs.

WaterFix[®] Small Business provides water savings to help small businesses.

What is WaterFix[®] Small Business Service?

A registered plumber will complete a water efficiency assessment at your business and check fixtures and devices in each water area for leaks and water efficiency.

After the assessment the plumber will discuss water saving opportunities suitable for your business. Sydney Water may provide a subsidy of up to \$1,000 (Inc GST) towards water efficient devices and fixtures for your business.

Book a WaterFix[®] Small Business Service!

Email us with your Sydney Water Commercial Account Number and see if your business is eligible.
